

Good Morning!

This is new edition of the UF CVM Career Emails sent on the first and third Friday of every month. We highly suggest keeping a lookout and read through all the postings in this edition since there are no repeat postings.

This **\*Tip of the Email\*** is our [UF CVM Alumni LinkedIn group](#). This group is recently started and will provide a platform for UF CVM students and alumni to connect around career development and UF CVM related topics. Feel free to join and connect with others in the group regarding your career!

Best,

### **DVM INTERNSHIP**

**Small Animal Rotating Intern-** Grand Rapids, MI; Blue Pearl

We have two internship positions that are still available for this upcoming internship year and would be happy to discuss these with any interested students that did not originally apply for internship programs but now have an interest. We have a large emergency and specialty hospital that includes board-certified specialists in small animal internal medicine (2), surgery (2), neurology (1), oncology (1), ophthalmology (1), critical care (1), dermatology (1) and soon-to-be added radiology (1). Our internship program is well-organized and mixed between specialty and emergency rotations, with elective rotations are also scheduled. It is appropriate both for interns interested in specializing and also for those interested in continuing in emergency or general practice medicine. (We are about 3 hours from Chicago. It's really a little gem of a city and I don't hesitate to recommend it! We are about an hour east of Lake Michigan, about 2-3 hours south of the northern Michigan area, and about 3 hours west of the Detroit area.) **I would be happy to discuss the internship further with interested students please contact [jill.niederhuth@bluepearlvet.com](mailto:jill.niederhuth@bluepearlvet.com).**
