

Hello Students & Alumni!

This is your next edition of the UF CVM Career Job Postings sent on the first and third Friday of every month (or on the Monday following homecoming ☺). Unless an employer re-submits their position, these postings only appear in one email, so make sure to read each email to stay up-to-date on available positions! If you missed an email, don't worry; you can access the archive of past email postings at <https://education.vetmed.ufl.edu/student-affairs/career-resources/monthly-newsletters/>.

This ***Tip of the Email*** is that class of 2020 students who plan to enter the **Veterinary Internship and Residency Matching Program (VIRMP)** can gain access to the website (<https://www.virmp.org/>) on **October 14th** to open their application. The deadline to apply for the match is **December 9th**. For those considering specializing in the future, browse the website now to get familiar. If you are interested in internships or residencies after graduation, you can use the VIRMP list to strategically plan externships at places you may want to practice. Best of luck to all who choose to participate in the match program!

Best,
UF CVM Careers

Emergency Veterinarian Training Program – Nationwide Openings

The BluePearl EmERge Program is designed to give veterinary school graduates the necessary training to become successful Emergency Veterinarians. It is a full-time job from the very beginning and we will prepare you for your first solo emergency shift at one of our BluePearl hospitals. The program combines lectures, interactive seminars, labs, mentoring, and hands-on practice experience. Not only will you receive valuable training from experienced Veterinarians, you will also be paid a salary from the first day of your course.

Who is it for?

- This program does not replace or substitute an internship which is required for application to a residency.
- A graduate of an accredited veterinary school
- Individual with a sincere interest in becoming an Emergency Veterinarian
- A current Veterinarian looking for a career change.

Program Structure

EmERge is a one-year training program divided into three segments. Your salary will be tiered and increase as you complete each segment of the program.

1. 16 weeks of initial training/boot camp. Four of these weeks will be spent in Tampa, FL (*lodging & airfare are provided*). The remaining 12 weeks will be at your primary hospital.
2. 16 weeks of immersive training, guided by an experienced Veterinarian.

3. 20 weeks of experiential training.

The total commitment is three years, including the initial year of training.

Topics of the Training Program

- Clinician leadership
- Principles of resuscitation and shock
- Sepsis
- Principles of fluid therapy
- Gastrointestinal and urogenital emergencies
- Cardiac and pulmonary emergencies
- Communication techniques
- Neurologic emergencies
- Hemostasis
- Electrolyte disorders
- Immunologic and endocrine emergencies
- Compassion fatigue/burnout
- Stress resilience
- Surgical emergencies

DVM Externship

Ambitious Veterinary Externship Opportunities – O'Brien Veterinary Group; multiple locations in the Midwest & Florida

O'Brien Veterinary Group externs get valuable mentoring in a clinical setting, with programs that include general practice, feline specialty, emergency and critical care and business management. If you've got at least a year of veterinary school under your belt, keep the learning going in our specially designed externship programs. You'll end up with more clinical experience than you thought possible under the mentorship of future colleagues as our externships are tailored to the students filling them, and we reimburse expenses. Our externships position you for future success. The veterinary world is changing quickly, and you'll need all the skills you can get to thrive as a veterinarian. We aim to build on your veterinary school experiences, with real-life clinical skills in a hospital setting, providing a foundation for future professional and personal growth. Clinical experience is just the beginning. An O'Brien externship will expand your horizons when it comes to business skills. You'll learn how to make a practice profitable, knowledge that is of value whether you'll choose to be an associate or a practice owner. Our approach to veterinary medicine is innovative. In our group, you'll find a veterinary-centered approach to running a practice. Our veterinarians aren't held to a cookie-cutter standard. We support their skill and their knowledge, and let them decide what's best for the clients and the pets we all love. **Interested candidates should contact kirsten@obrienvetgroup.com.**

DVM Full Time

Veterinarian – Plant City, FL; Berry Patch Animal Clinic

We are seeking a full-time DVM to join our busy and growing practice in sunlit Central Florida. Our Plant City office is in the middle of the west coast of Florida, approximately 25 miles east of Tampa, immediately west of Lakeland, and 70 miles west of Orlando. We offer PTO, CE, health insurance and discounted services along with competitive compensation. Full time is 4 days per week, with some Saturdays. No after-hour/emergency shifts. Our family owned clinic is small

animal practice that provides full service medical, dental and surgical procedures. We have in-house IDEXX radiography and laboratory, ultrasonic dental equipment and dental radiography. A minimum of two years' experience is preferred. Outstanding general medicine, diagnostic and surgical skills are necessary. Must possess good rapport with clients and staff. **Please email resume to Katura@BerryPatchAnimalClinic.com.**

Emergency Veterinarian – Salisbury, MD; Pets ER

Pets ER, an emergency clinic in Salisbury, Maryland on Maryland's beautiful eastern shore is in the process of taking applications for an associate position at our hospital. We are open nights, weekends, and holidays and typically are moderately to very busy, and as our area has grown, we tend to be busy all year long. My associates enjoy a lot of time off, good compensation, and plenty of support (while still having the freedom to practice as they would like). We take seriously having a good work/life balance as well as providing a flexible schedule. Pets ER enjoys a lot of support from our referring vets. The next closest emergency clinic is about 2 hours away. We practice state of the art medicine and are growing daily. In October of 2018, we moved into a brand new, 5000 square foot facility. We are also in the process of applying to become VECCS level 3 certified. The schedule for our associates is very flexible, usually consisting of anywhere from 12-14 shifts a month. This equates to plenty of time off to enjoy travel and the local beaches and outdoors.

Baltimore, Washington DC, and Philadelphia are all between 2 and 2 1/2 hours away. There is a regional airport less than 5 minutes away from our clinic as well. This area is great for those who love surfing & the beach, fishing, kayaking, cycling, running, and more. Having two 4-year universities close by, as well as Wallops NASA Flight Facility, gives us access to cultural events and rocket launches. Salisbury is a growing collegiate town that still boasts affordable housing and a relatively low cost of living. There are three local breweries and plenty of good restaurants around. This is a wonderful place to live!

The shifts during the busiest times are covered by two veterinarians and we do a good job of mentoring. We currently employ 4 full time veterinarians and 1 part time/flex time veterinarian. This really helps to keep our schedule flexible. As we are privately owned and operated, our vets have a lot of freedom to practice as they would like and with the medications and methods that they feel most comfortable. We are fully equipped with endoscopy, ultrasound, full surgical suite (including surgical staplers), IV pumps, digital x-ray, bipolar electrosurgery, and full in-house labs, including the new IDEXX UA sediment machine. Our hospital is fully computerized so that it is easier to write our notes and send them to the referring vets in the area. We also have very experienced staff - most of them have been with Pets ER for several years. They basically do it all; you just do the medicine and surgery! It makes emergency medicine fun when you can really trust your staff and other doctors and can all work as a team. I consider my staff my work family and treat them as such.

Our ideal candidate would have some emergency experience or at least be very confident in their diagnostic and surgical skills. New or recent graduates welcomed. We offer a very competitive benefit and compensation package with guaranteed base + percentage and full benefits including health insurance and SIMPLE IRA retirement plan. Other benefits include membership to VIN, VetGirl, and CE to your choice of major conferences (including travel, hotel, and conference fees). We would be willing to mentor and train the right candidate. I believe very much in education and learning and I enjoy teaching and discussing cases. Our clinic culture definitely is a very open and sharing one, and we like to learn from one another. I would also be

willing to help with relocation expenses. This is a wonderful opportunity for any vet interested in emergency and critical care and high quality medicine and surgery. We are looking to fill this position by spring/summer of 2020, but we have very flexible options up until this time, which should allow for a stress free transition to full time emergency work. **If you are interested in this position or have any questions, please contact us! I am very responsive to emails - email marsdvm@aol.com. (Don't let my ancient email give you the wrong impression—we are a very progressive practice!) Thanks! Dr. Beth Drewer**

Veterinarian – Springfield, MA; Spruce Hill Veterinary Clinic

Spruce Hill Veterinary Clinic has been serving the greater Springfield, MA community for over four decades, and we are committed to continuing to serve our well established clientele for generations to come. We are seeking a full/part time veterinarian to join our three doctor practice. We offer a flexible schedule, no after-hours calls or emergencies, a highly competitive salary, and generous benefits. We pride ourselves on our longstanding reputation as a clinic committed to the wellbeing of our patients and see three generations of loyal clients. We love our work and are looking for someone who shares the thrill of having the best job in the world. We are proud that our staff has been with us for many years because we value one another, respect the work/life balance, and enjoy a good laugh. We treat dogs, cats, exotics (not required), and volunteer our services to treat injured wildlife. Our strength is our common sense approach to problems. We offer services ranging from the highest level of diagnostics and routine surgical procedures to practical treatment solutions in cases of financial hardship. **To apply, please send resume to Sprucehillvetclinic@gmail.com.**

Associate Veterinarian – Indianapolis, IN; Pet Vaccination Clinic

Pet vaccination clinic is a small animal practice in an excellent location with about 30,000 customers. It is well equipped, has a good staff & excellent doctors, and is a great place to practice. This position can be filled as full time, part time, or internship. **Visit <http://petvacclinic.com/> for more information.**

Teleradiologist – VetRad

VetRad is seeking part time and full time teleradiologists to join our Team. Veterinarian-owned and led since 1990, VetRad is a leading provider of teleradiology services. Our board-certified radiologists support improved patient outcomes by providing concise, accurate reports and practical clinical information to more than 1000 Referral Partners located throughout the United States. Why VetRad? We offer scheduling flexibility with daytime and weekend hours available along with a variety of shift length options. A full home reading station is provided for full time readers. You may read at your own speed. There is no pressure to read a certain number of cases per hour. Our fee structure affords you the highest production percentage in the industry. The competitive compensation and benefits package includes a generous signing bonus, health, dental, vision, life and paid long term disability along with discounted personal pet care and a 401K with organizational match. Discretionary funds for continuing education and PLIT coverage are provided. **For more information about VetRad please call 214-909-5902. To submit a confidential CV email Dr. Barbara Lightner at barbara.lightner@vetrad.com.**

Veterinarian – Oviedo, FL; Oviedo Veterinary Care & Emergency

Oviedo Veterinary Care and Emergency is seeking full-time or part-time veterinarians to work at our small animal practice located in Oviedo, FL, just minutes outside Orlando! We are in a busy and rapidly growing part of Seminole County. We are passionate about making our practice an integral part of our community by providing high-quality veterinary care for our patients, and exceptional customer service for our clients. We are looking for someone equally passionate and motivated to join our progressive, forward-thinking team. We offer continuous patient care with conveniently extended hours of operation and weekend service, allowing for flexible schedules! We offer a fully equipped in-house lab, digital radiography, a comprehensive surgical suite, and cloud-based software with digital record-keeping. Potential applicants should be comfortable handling critical cases and emergencies, as well as emphasize the importance of preventative care. New graduates welcome to apply! **Interested candidates should contact info@oviedovetcare.com & visit <http://oviedovetcare.com/> to learn more about our hospital.**

Associate Veterinarian – Tallahassee, FL; Bradfordville Animal Hospital

Bradfordville Animal Hospital is looking for a full-time veterinarian. We are a growing AAHA accredited full-service small animal hospital in the Tallahassee, FL area. New or recent graduates are encouraged to apply. We have a mentorship program for veterinarians interested in further developing their professional skills. We feel strongly about fostering our client and patient relationships. We are currently a 4-doctor practice but are growing and in need of another veterinarian. We enjoy practicing and helping each other professionally and would expect the same in a new associate. As much as you learn from us, we look forward to learning from you. We have a phenomenal team of receptionists and technicians that allows you to focus exclusively on your veterinary duties. Our clients are devoted to providing the best patient care for their pets and allow us to practice exceptional medicine. Advanced soft tissue and orthopedic surgeries are performed regularly. There is excellent opportunity for a veterinarian interested in gaining knowledge and experience in soft tissue and orthopedic surgeries as well as in complex medical cases. Our clinic is well-equipped with Sound Digital radiology, new Sound ultrasound unit, full in-house diagnostics, dental suite with digital dental x-ray and high-speed handpieces, Surgivet anesthesia monitors, and Synthes and Kyon orthopedic surgery sets. We utilize electronic medical records on Avimark software. We believe in quality of life and work life balance. Therefore, doctors enjoy a 4-day work week and we rotate Saturdays. After hours emergencies are referred to our local emergency hospital. We have several local specialists available to support us and to refer those patients needing specialty services. Salary is commensurate with experience. Benefits include health and dental insurance, vacation time, continuing education stipend, retirement plan with matching opportunity, and local and state association dues. Tallahassee is the capital of Florida and is in an ideal geographic location. Situated in the rolling hills of northern Florida, Tallahassee is only 45 minutes from the Gulf of Mexico and offers a variety of outdoor activities, including boating, fishing, canoeing, mountain biking, hiking, and running. We are home to three universities, have a young and vibrant population and a warm southern charm. **For more information, contact Dr. Alex Stevenson at (850) 508-3447 or via email at Drsteve@BradfordvilleAnimalHospital.com. Check us out at our website and links to our Facebook page at www.bradfordvilleanimalhospital.com.**

Small Animal Emergency Clinician – Clarks Summit, PA; Veterinary Referral & Emergency Center

The Veterinary Referral and Emergency Center (VREC) is currently seeking an Emergency Clinician to join our great family; new graduates strongly encouraged to apply, but preference given to either an internship trained, or experienced applicant. Our hospital is located in South Abington Twp., an affluent suburb in northeast, PA.

Why is Northeast PA a great place to live and work? Northeast Pennsylvania has all the amenities of larger cities and has access to either rural or urban living. Our region has prestigious Blue-Ribbon schools and colleges. Events and activities for everyone! Including, art and cultural events, historical landmarks, museums, and live music venues. Hosts a diverse array of restaurants, coffee shops, wineries, breweries, bars/ pubs, festivals, casino resorts, spas, farmers markets, boutiques and other shopping destinations. Abundance of outdoor activity options including access to state parks, lakes, skiing, watersports, bicycling, hiking, camping, golf, horseback riding, amusement parks, and much more! Conveniently located near major highways, and a short drive to regional and international airports. Our location is approximately 2 hours from Manhattan, and Philadelphia, and 4 hours from either Washington DC or Boston.

About Our Hospital: Privately owned; Provides 24/7/365 emergency, critical care, internal medicine, surgery, and cardiology services with plans to expand our offerings in the near future; Social, collaborative, incredibly supportive and welcoming working environment; Healthy work-life balance - incredible schedule; Fully equipped with new monitoring equipment, in-house labs, digital radiography, ultrasound, endoscopy, mechanical ventilator, telemetry, on-site MRI, and complete nuclear medicine capabilities including I-131. Candidates will work with experienced clinicians and specialists, licensed technicians, and a dedicated support staff, all committed to excellence, teaching and learning.

Benefit Options/ Perks: Substantial Signing Bonus; Competitive Salary; Student Loan Assistance; Relocation Reimbursement; Medical, Dental, Vision • 401k - with match; Paid Parental Leave; CE, Membership Dues Allowance; Assistance from Financial Planner; And more!

Emergency & Critical Care Veterinarian – Veterinary Specialty Centre; Canada

Do you enjoy a fast-paced work environment? Do you enjoy a challenge, and the opportunity to learn and grow as a clinician? Do you appreciate collaborative medicine, but feel confident working independently? The Veterinary Specialty Centre of Newfoundland & Labrador located at 860 Topsail Road in Mount Pearl is hiring a full-time, permanent Emergency and Critical Care Veterinarian. VSCNL is Newfoundland and Labrador’s only veterinary specialty referral centre and 24-hour full-service emergency clinic, and the 2019 CVMA Practice of the Year Award recipient. We have a board-certified surgeon and radiologist, a CT scanner, offer chemotherapy, run a canine blood donor program and have an ICU that is fully staffed 24 hours a day. When it comes to diagnosing and treating the pets of Newfoundland and Labrador, there is nothing we won’t do! Our focus is on excellent patient and client care and promoting a team approach with opportunities for both professional and personal growth. The successful candidate will be

required to diagnose diseases or abnormal conditions in animals, treat sick or injured animals, perform routine and emergency examinations, provide euthanasia services, and supervise animal health technologists and care workers. Opportunities exist within our hospital to gain additional skills in both medicine and surgery. Preference will be given to candidates with experience in emergency or those who have completed a rotating internship. Those board certified or eligible for board certification in ECC are encouraged to apply. Applicants must be eligible for full licensure in Newfoundland and must be able to conduct veterinary services in English. Benefits include health, dental, CE allowance, paid professional dues, and a matching RRSP and pet insurance program. Salary will range from \$85,000 to \$140,000 and will be negotiated based on experience. Compensation for relocation expenses is available. Positions available include working only day shifts or working a combination of overnights and some days. Located in the St John's area of Newfoundland, our staff are able to enjoy their downtime experiencing a wide variety of activities. From outdoor adventures, whale watching and historical sites, to a vibrant downtown with world renowned restaurants, and a thriving arts scene, St. John's offers something for everyone. **Interested applicants should contact careers@vscnl.ca or visit www.vscnl.ca for more information.**

Full-Time Veterinary Associate – Heart of Brooklyn Veterinary Hospital; Brooklyn, NY

We are high quality, well established general practices seeking full and part-time associates. We have well-equipped, full-service hospitals and are seeking enthusiastic team members dedicated to high standards of patient care and customer service. We focus on work-life balance and thus do not have after hours or on call responsibilities. Our practices are located in the Fort Greene and Flatbush neighborhoods of Brooklyn. We provide a generous compensation package including health insurance, membership and licensing dues, as well as paid time off all based on a pro-sal model. Salary \$85-150k. **Please email resume to hobkmanagement@gmail.com and visit <https://www.heartofbrooklynveterinary.com/> for more information.**

Feline Associate Veterinarian - Palm Harbor, FL; The Cat Hospital at Palm Harbor

Do you love cats? We do, too! Are you looking to make a difference in your work, have fun doing it, and get true enjoyment and satisfaction from what you do? So, do we! Are you looking for life-work balance to explore the other parts of you? Who doesn't?

Whether you are a new graduate just starting your career, or an experienced clinician, The Cat Hospital at Palm Harbor is seeking an associate veterinarian to join our wonderful team. Our AAFP Gold Standard Cat Friendly practice has a positive team-oriented work culture, a stable wonderful cat care support team, is in a stunning state-of-the-art cat and people friendly facility, has a great clientele, and so much more. We're only missing one thing. You.

We take great pride in practicing the best feline medicine and giving cat owners the best possible advice. We treat cats like they should be treated. We don't treat them like small dogs. We use feline-friendly handling. We do not declaw. We do not over-vaccinate.

You can expect a collaborative professional atmosphere and clinical mentoring with consistent assistance from our experienced support team. Our goal is to assist you to become a successful feline practitioner as we grow together. You will receive excellent compensation and benefits, including health insurance, while enjoying flexible scheduling that is mindful of life-work balance. The goal is to obtain a long-term relationship having mutual benefit for all.

The Cat Hospital is located right next to the sandy white beaches of the Gulf of Mexico, yet also has rolling hills and massive oak trees. The climate allows for year-round outdoor activities - biking, kayaking, and sailing to name a few. There is a wide offering of theatres, concert venues, and professional sports teams, as well as some of the best public schools in Florida.

If interested, please email a cover letter and CV to Robert Marrazzo, DVM at bobcat@wespeakmeow.com & visit wespeakmeow.com. Go Gators! >^..^<

Associate Veterinarian - Jackson, MS; Briarwood Animal Hospital

Briarwood Animal Hospital was opened in 1960 by Dr. Hugh G. Ward in Northeast Jackson. Our hospital was an original preceptor for the College of Veterinary Medicine at Mississippi State University. The Hugh G. Ward Internal Medicine Chair at MSU-CVM was named after him. Also, the Joe Ann Ward Critical Care Unit at MSU-CVM is named after his wife. Briarwood also provides the Briarwood Animal Hospital / Campbell G. Dale Scholarship.

Briarwood Animal Hospital is a 14,000 sq. foot facility that offer us the ability to board and hospitalize up to a 100 patients. Briarwood offers a complete range of services and veterinary technology including surgery services, dental procedures, digital radiography, ultrasound with telemedicine capability, cautery unit, complete Idexx in-house lab which includes CBC, serum chemistry and urinalysis. Our hospital operates daily as a paperless hospital using Idexx's Cornerstone software with 13 workstations in the building. These services allow us the ability to provide high quality medicine and care that meets our clients expectations. Our veterinarians at Briarwood travel across the country each year to attend conferences and lectures to learn about the latest advancements in veterinary medicine, enabling them to provide the most cutting edge pet care available in central Mississippi.

Briarwood is looking for a motivated individual with an outgoing personality. Also they should be looking for an opportunity for mentorship. Excellent verbal and written communication, good work ethic, and ability to work as a team are a necessity. Benefits include: medical insurance, MVMA / AVMA dues, Mississippi License, DEA license, Profit Sharing (retirement), 5 days C.E. with allowance, and 10 days paid vacation. **For more information, please contact msudvm04@hotmail.com or visit briarwoodhospital.com.**

Associate Veterinarian – Tallahassee, FL; Novey Animal Hospital

Full-time small animal associate veterinarian is needed at Novey Animal Hospital. We are looking for a veterinarian to join our team that enjoys practicing high-quality medicine and surgery in a client-centered, compassionate and collaborative manner. We are located in Tallahassee, Florida, home of the state capitol, FSU, FAMU, and are only a short drive to the beach. Tallahassee is ranked in the top 100 best places to live in America and one of the best places to raise a family. We are a well-established hospital, with great clientele and a well-trained staff. We are equipped with digital dental radiography, digital radiography, ultrasound, laser, and more, with a specialty hospital and multiple emergency hospitals within minutes. Our associates enjoy great benefits, including a 4.5 day work week, no emergency on-call, health insurance, 401(k) match, and more! Recent and new graduates are welcome; mentorship will be provided and collaboration amongst our doctors is highly valued and expected. **For more information contact larrynovey@hotmail.com or (850) 508-1525.**
