**Veterinary Mentorship Program:** Bradenton, FL; Humane Society of Manatee County

The Humane Society of Manatee County (HSMC) is currently accepting applications for its paid veterinary mentorship program. This program is geared towards new and recent veterinary student graduates. The program includes training in the surgery, wellness, and shelter departments. The Humane Society of Manatee County is a high volume spay/neuter clinic, adhering to Humane Alliance practices. Specialty surgeries are also done, such as pyometra correction, cystotomies, mass removals, and limb amputations. The wellness clinic provides low cost vaccines, heartworm and feline leukemia/ FIV testing, and internal and external parasite preventatives. The wellness department will also treat sick and injured animals and provides monthly treatment for heartworm disease. HSMC typically hosts two outreach events providing no-cost vaccines and heartworm prevention to low-income communities in Manatee county. The clinic has digital radiography, two dental machines, in-house Heska blood machines, physiologic monitors, and a Tonovet. There will be rotations through all three services, surgery, wellness, and shelter. There is no emergency or on-call obligation. HSMC is open Monday through Saturday, however it is a 5-day work week with hours from 9-5. The mentorship is open for one veterinarian. A valid Florida veterinary license is required. The following are a list of benefits: paid holidays, vacation time, free preventive care for up to 3 owned animals, reimbursement/payment for Florida veterinary license, and three sets of scrubs.

**Associate Veterinarian:** Swansea, IL; Lashley Animal Hospital

For 50 years, Lashley Animal Hospital has served the animals of the St. Louis Metropolitan Area through compassionate acute and preventative care of companion animals. Our team seeks a full-time Veterinarian. We are looking for someone who is willing to go above and beyond to provide loving care to their patients and families. A veterinarian who believes in client education and follow up is important. Annually recognized by the community as one of the best veterinary practice in the area, our staff is known for providing quality care and building long-lasting client relationships. Our practice focuses on preventative care through annual examinations and vaccinations, treatment of acute injuries and illness, long-term care plans for chronic injuries or illness, skilled surgery, nutrition and wellness education, dental care, and much more. Our facility includes in-house digital radiography, digital dental radiography, in house blood/fecal/urine laboratories, cold laser, surgical facilities, and an on-site pharmacy. After hours emergencies are referred to nearby emergency care facilities. Based in the continually growing St. Louis suburb of Swansea, Illinois, we are an easy 15-20 minute commute by car from downtown. We have beautiful neighborhoods, excellent school districts, parks and recreation areas, and, best of all, a population of devoted pet owners. We are

surrounded by the communities of Shiloh, Belleville, Collinsville, Edwardsville, Fairview Heights, Lebanon, Fallon, Scott Air Force Base, and Alton to name just a few. We are eager to continue to grow our team and offer a very competitive salary package as well as paid time off, medical and retirement benefits. We are looking for: Doctor of Veterinary Medicine or pending licensure. (Illinois license not required for consideration). Will gladly consider 2020 graduates and offer strong mentorship. Diagnostic skills with the ability to assess and treat symptoms. General surgical skills. Ability to comfortably engage with clientele. Someone that will go above and beyond for their patients. **Please send your resume to Brook Lynch at [info@lashleyanimalhospital.com](mailto:info@lashleyanimalhospital.com).**

**DVM:** Cordele, GA; Blackshear Veterinary Hospital  
Full time position with benefits. **Interested candidates email [steve.whatley@bushanimal.com](mailto:steve.whatley@bushanimal.com).**

**Associate Veterinarian:** Topsham, ME; Topsham Veterinary Wellness Center  
Are you a veterinarian who wants to work hard, be a team player, and celebrate success when pets thrive because of you? Can you boost your energy back up after a rough day by sharing in laughs with goofy co-workers and a face full of puppy kisses? Are you eager to create lasting relationships with committed pet owners who want to be part of the team approach to pet care? Do you appreciate the idea of a veterinarian being the all-in-one that can recognize, diagnose, and treat/manage a case from start to finish? Our six year old office is equipped with all the up-to-date necessities of a solid general practice, as well as having an educated and excited support staff to aid in your success. When it comes to referrals, we have a good relationship with nearby specialists to help create a comprehensive plan for your patients. We are honest, open, compassionate, with a family feel and a great reputation in the community and online, Where everybody knows your name. **Go ahead, sing along; and send us your resume if you want to be part of the fun: [ruksznis@topshamvet.com](mailto:ruksznis@topshamvet.com).** Confident new graduates who are eager to learn are welcome to apply. Is practice ownership a future goal? See what it takes with an open-book management style and perhaps you'll see the goal could be yours! No pressure though the job will go to the associate who best fits our style, not one who promises longevity. **NEW FACILITY COMING SPRING 2020!!!**

**Associate Veterinarian:** Marietta, GA; Paws Whiskers & Claws, The Feline Hospital  
Interested in a short work day and week? How about no emergency calls, no boarding, and minimal to no hospitalization? We practice ethical medicine (we are a no declaw practice) while focusing on OUR quality of life as well as our patients'. We work hard but smart so that we allow for excellent patient care and client education while preserving our personal time. We specialize in complex disease management, heavy in internal medical and behavioral problems. Dr Globerman, who graduated from the University of Florida in 1999, has been practicing feline medicine for over 17 years along with certified cat behavior consultant Ingrid Johnson. Together, they micromanage each cat's quality of life from every aspect and help their owners understand what their cat needs and why. Education and hands on instruction are the hallmark of our success. Our appointments for new clients and patients are one hour since there is so much to learn about each patient and then teach each owner about what their cat needs to thrive. Regular appointments are 30 minutes. We never double book. Clients come to us because they want to treat; they want to do something for their cat(s). Too many vets do not give owners the knowledge or options of what to do with a diagnosis, if they even obtain one. We value continuing education for ourselves so that we stay current for our clients who have high expectations of our knowledge and abilities. We want to pass on all that we have learned to an associate veterinarian who is eager to practice and learn the intricacies of feline medicine and what we have learned over the 17 years. We welcome new ideas and ways to improve upon what and how we care for our patients and their owners. We hope a new associate will bring knowledge and skills to add to our acumen. We encourage all interested applicants, including new graduates, but prefer someone with at least two years of experience. However, a passion for feline medicine and behavior is all that we require; we can do the rest! We offer a competitive salary as well as competitive benefits. **Interested candidates please email [Stephanie@globerman1.com](mailto:Stephanie@globerman1.com) for more information.**

**Emergency Doctor:** Sarasota, FL; Suncoast Veterinary Emergency and Specialty Center  
Here's your chance to work closely with specialists in a busy emergency department that is highly regarded in our community. Wondering about our techs? We're proud of our highly skilled and upbeat team. A typical tech to doctor ratio on the emergency service is four to one. Curious about equipment? We've got you covered and then some. Our supportive culture also ensures that you get the training you need to feel comfortable with our ultrasound, endoscopy suite, LigaSure surgical hand pieces, etc. Lastly, wondering about the vibe in a busy multi-specialty hospital? We are proud to say that we have a positive culture based on mutual appreciation and a shared love of the emergency and specialty lifestyle. If you do too then joining Suncoast may be the next right step in your career development! The ideal candidate would have a minimum of two years emergency and surgical experience. However, a new graduate/general practitioner with passion for emergency medicine will be strongly considered. **Please forward all inquiries to Victoria Bradshaw at the following email address: [vbradshaw@suncoastvets.com](mailto:vbradshaw@suncoastvets.com) or call 941-929-1818.**

**Veterinarian:** Miami, FL; Adams Veterinary Clinic
