

Hello Students & Alumni,

This is your next edition of the UF CVM Career Job Postings sent on the first and third Friday of every month. Unless an employer re-submits their position, these postings only appear in one email, so make sure to read each email to stay up-to-date on available positions!

**Tip of the email:** Check out this article from John Hopkins Medicine on tips for wellness while working from home <https://www.hopkinsmedicine.org/health/conditions-and-diseases/coronavirus/coronavirus-practicing-wellness-while-you-stay-at-home>

Enjoy your weekend,

UF CVM Careers

**FEATURED JOB POSTING: VCA**

**AT VCA ANIMAL HOSPITALS, WE CARE**

Why VCA?

Whether you are looking for a veterinary career here in Florida, or your plans are taking you across the country, VCA would love to show you why we're different. All of our hospitals have the same commitment to excellent patient care and client service, and each of our hospitals has a unique team, culture, and services offered. We have a hospital to suit your needs whether you are interested in general practice, emergency medicine, specialty practice, alternative medicine, treating exotics, or working exclusively with feline patients. Our focus on new technology improves not only the medical treatments we offer, but also offers increased convenience for our clients, doctors, and support staff. For new graduates, we offer a world-class mentorship program, VCA Academy, that eases the transition from student to doctor!

Imagine a place . . .

Where the career you've worked for becomes the profession you love.

Where the largest animal health network in North America feels just like home.

Where being the best and learning from the best go hand in hand.

## **DVM EXTERNSHIP**

**Student Extern:** Multiple Locations in Indiana; Coyne Vet Services, Ltd.  
Come join us for an unmatched opportunity to develop your professional skills in one of our fast paced, non appointment, contemporary hospitals! We focus on mentorship and development through a hands on style of teaching at all of our Northwest Indiana locations. You will be guided by an experienced team of doctors whose knowledge and individual attention will help you learn to deliver the highest standard of compassionate veterinary care while also developing your client communication skills. **\*Program Structure\*** We offer flexible externships that range from two to eight weeks year round, all set to align with your availability. Often you will be scheduled Monday-Friday days so you can explore the normal daily life and caseload of a busy general small animal practice. **\*Responsibilities\*** Under the direct supervision of a rotating team of experienced doctors you will be exposed to various methods of practice and teaching styles, ensuring that you achieve your maximum growth and potential. You will assist in working up cases, developing diagnostic plans, providing general wellness care, refining technical skills, writing medical records, expanding your client communication skills, scrubbing into surgery and potentially even helping with rehab and reproductive procedures depending on which hospital you are externing at. **\*Who you are\*** We are looking for dynamic, enthusiastic current veterinary students who will uphold the professional and ethical standards of care our practices strive to deliver to all patients. When you are externing with us you become part of the Coyne team and are expected to represent the core values we consistently represent. You must be: insured by SAVMA or another similar entity, in good academic standing with your school, eager to learn and take on new challenges and eventually considering work in a small animal practice as one of your career options. **\*What we offer\*** Hourly rate or weekly stipend. Housing available at some locations. Hands on practice, training and mentorship from accomplished DVMs. Access to the newest equipment, including rehab, ultrasound, and modern in house labs. Unlimited growth and learning potential in fast paced non appointment hospitals. **Contact us today to inquire more about the opportunities that await!** <https://coynevetservices.com/career-advancement/externships/>

## **FULL TIME POST GRAD**

**Biologist. GS 13-14 level;** US Department of Defense  
<https://www.usajobs.gov/GetJob/ViewDetails/580991000>.

## **DVM PART TIME**

**Veterinary Medical Officer:** Sumas, WA; USDA [Animal and Plant Health Inspection Service](#)

**Lasix Veterinarian:** Elmont, NY; The New York Racing Association, Inc.  
The Veterinarian will administer Lasix to horses on race days and draw blood for pre-race and

out of competition drug testing protocols. In addition, he/she will help to maintain department files regarding the treatment and testing of horses racing at NYRA. **Interested candidates please email [JLevine@nyrainc.com](mailto:JLevine@nyrainc.com) or go to <https://careers-nyrainc.icims.com/jobs/1973/lasix-veterinarian-%28part-time%29/job>**

## **DVM FULL TIME**

**Associate Veterinarian:** Lakewood Ranch, Florida; Coastal Animal Medical Center  
Want to spend your days off at the beach, boating, fishing, and enjoying all Florida has to offer? Then come join our team in sunny Lakewood Ranch, Florida. Our progressive, 4 doctor, small animal practice is looking to add another full-time veterinarian. Our stand-alone facility was built and opened in 2012, and is equipped with all the bells and whistles: in-house Idexx lab suite (Catalyst, Cat One, Procyte, Snap Readers, Urine Analyzer, Sedivue), digital radiographs, two dental stations with VetPro 5000s and Sopix digital dental radiographs, new Samsung ultrasound, Companion Laser therapy, radiosurgical unit and paperless Cornerstone practice management software. Our building includes five exam rooms, two treatment areas, two waiting areas, a surgical suite, a dental suite and an additional dental station, a radiology room, an ultrasound room and much more. Last year we gave the facility a facelift to make it more efficient and pleasant to serve our clients and patients. Most weeks doctors will work four days and have three days off. Doctors rotate weekend duties. Because we have several emergency practices in our area, our doctors are not on call overnight or weekends. Our current team consists of 4 experienced veterinarians who are eager to offer their mentorship, and our area has many local veterinary specialists that are a phone call away for consultation. Since the beach is about a half hour drive from our doors, it is easy to enjoy the outside pastimes Florida is famous for on your days off. We are half an hour away from the world-famous Siesta Key and Bradenton Beaches. We are less than 2 hours from Orlando with Disney World and Universal Studios. We are about an hour from Tampa with the Buccaneers NFL football team, The Lightning Hockey Team, and the MLB Tampa Bay Rays. This area hosts MLB Teams from around the country for their Spring Training Camps. Doctors are compensated with a modified ProSal program with no negative accrual. With a guaranteed base and production bonus, there is no upper limit to your compensation. Benefits include generous paid time off, continuing education/licensing allowance, medical, dental and vision insurance, and annual pet health discounts. While clinical skills and desire to learn are important, the applicant's personality and communication skills are equally vital. The applicant must be a team player with a positive, friendly, energetic, outgoing personality. Applicant must also be able to communicate fluently in the English language both verbally and in writing. New graduates (or soon to be veterinarians) or experienced doctors are welcome to apply. Our goal is to hire someone who will become an integral part of the practice and the community for years to come. **Please contact Rene with any questions @941-747-7107 or submit your resume and contact information to [rene@coastalamc.com](mailto:rene@coastalamc.com).**

**Veterinary Lecturer:** West Lafayette IN; Purdue University College of Veterinary Medicine  
The Purdue University College of Veterinary Medicine (PVM) invites applications from veterinarians with an interest in distance learning/education for a full-time, 12-month position as a Lecturer in the Department of Veterinary Administration beginning in October 2020.

Applicants must have a DVM or equivalent degree, a veterinary license or eligible to become licensed in Indiana, excellent written and oral communication skills, and a strong interest in teaching veterinary nursing students. Preference will be given to candidates with experience in online teaching as well as working with both large and small animal species. The responsibilities of this position primarily involve teaching, course creation, and facilitating course content updates in the Veterinary Nursing Program. This individual may be assigned as instructor-of-record and/or course instructor as appropriate. The successful candidate will spend approximately 75% of their time working in our online Veterinary Distance Learning Program (VNDL) teaching small and/or large animal focused courses as well as aiding in the continual updating of all VNDL courses insuring that the course material reflects current scientific knowledge and is congruent with course goals. The other 25% of the position includes on-campus instruction of problem-based integrations courses, participating in PVM engagement activities that benefit both the DVM and VN, and various administrative responsibilities as assigned by the Veterinary Nursing Program Director. The Purdue Veterinary Nursing Program is consistently ranked amongst the best in the nation and affords the successful candidate a rare opportunity to engage and teach in a high quality academic setting. Perhaps the most significant benefit of this position is they will get to collaborate and join a team composed of some of the most talented, passionate, and experienced faculty and staff members in the field of veterinary nursing. The strategic plan of the PVM emphasizes the importance of excellence and innovation in veterinary education that results in the graduation of career-ready veterinary nurses. Instruction via online learning and mentorship courses are important curricular components that contribute to achievement of this goal. Applications will be accepted until the position is filled but evaluation of applications will begin September 15, 2020. **Applicants should send a cover letter including a statement of professional goals and a diversity statement (see below), curriculum vitae, and the names and contact information for three professional references to Dr. Kathleen Salisbury ([salisbus@purdue.edu](mailto:salisbus@purdue.edu)).** A background check will be required for employment in this position. The College of Veterinary Medicine at Purdue University values, nurtures, and respects all members of its community and ensures an environment of inclusive excellence where all students, faculty, and staff are inspired and empowered to achieve their full potential. Purdue University's College of Veterinary Medicine is committed to advancing diversity in all areas of effort, including scholarship, instruction, and engagement. Candidates should address at least one of these areas in their cover letter, indicating their experiences, current interests or activities, and/or future goals to promote a climate that values diversity and inclusion. Purdue University is an EOE/AA employer. All individuals, including minorities, women, individuals with disabilities, and veterans are encouraged to apply.

**Early Entry Track (Entry-level Emergency Doctor):** MA, NJ, NY, FL, TX, CA; Veterinary Emergency Group

ET is a hands-on, in-depth, 6-month emergency-focused mentorship program that transitions into a full-time Emergency Doctor position with Veterinary Emergency Group. Paid 6-month emergency training. Practicing emergency doctor. Professional liability insurance (PLIT). Medical, dental, and vision insurance. A matching 401(K) plan. Unlimited continuing education. Professional licensing fees, association membership fees, VIN account, and more. **Interested candidates please email [cbearden@veg.vet](mailto:cbearden@veg.vet)**

**Small Animal Hospital Associate Veterinarian:** Somerset, PA; Somerset Veterinary Hospital, PC

We are looking for someone who enjoys working as part of a team to enrich the lives of pets and people. Someone who enjoys providing the best care possible, who values being respectful, supportive, and caring. Someone who is accountable, responsible, exceptional, and progressive. Someone who enjoys living in a small community in the mountains with time to experience all we have to offer - not far from the big city. We provide high quality comprehensive veterinary care with a hometown experience. Somerset is a small-town community in the Laurel Highlands of Southwestern Pennsylvania. Somerset Veterinary Hospital is privately owned and has been a part of the community for 30 years. We foster solid long-term relationships with our clients and focus on providing personalized care. We strive for personal and professional growth, work-life balance and a culture of mutual respect and support. We see cats, dogs, and some small mammals (rabbits, Guinea pigs and ferrets most commonly). Special interests of our current vets (one FT and 1 PT) include feline medicine, dentistry, surgery, dermatology, and preventative care. We welcome and are seeking other interests. You would be the third vet joining our friendly, supportive staff of 3 certified veterinary technicians, 4 veterinary assistants, 2 receptionists and an office manager. Your basic work schedule would be 3 full days and 2 half days per week and 4-5 on-calls PER MONTH until midnight when emergencies are turned over to a full-time emergency practice. Compensation for being part of our excellent, fun, positive team is a base salary, production bonus, and percentage of on-call revenue. AND paid health insurance, liability insurance, license defense, PA license, continuing ed, AVMA and PVMA dues, simple IRA, paid time off, employee pet care, and re-location assistance or signing bonus. AND time to enjoy the beautiful Laurel Highlands: 3 ski resorts and miles of cross-country skiing, bicycling on the world class Great Allegheny Passage trail, golfing, white water rafting, kayaking, hunting, fishing, hiking, and more. AND we are 75 minutes from downtown Pittsburgh with sporting and cultural events, museums, theater, shopping. AND the county has numerous festivals and year around activities. AND we have good, safe, local schools AND enjoy a lower cost of living than most areas. **Interested candidates please email [pennvidvm@gmail.com](mailto:pennvidvm@gmail.com).**

**Associate Veterinarian:** Hagerstown, MD; Mountain View Animal Emergency MVAE is a 24-hour emergency only, small animal hospital located in Maryland. We are in the final stages of construction of a new facility and will be adding referral services in the very near future. We are fully staffed with experienced clinicians, licensed technicians and skilled receptionist. Our practice prides itself on aggressive, yet common sense medicine, and one of our top priorities has always been to provide the highest level of customer service to our clients, while maintaining a great work environment for our staff. **For more information please go to <https://mountainviewemergency.com/>**

**Associate Veterinarian:** Multiple Locations in Indiana; Coyne Vet Services, Ltd. Our group of fast paced non appointment style hospitals in Northwest Indiana currently seek motivated and professionally well-rounded full-time associates to join our skilled and supportive teams. An ideal candidate is compassionate and has excellent client service and communication skills. Additionally candidates should possess a strong work ethic, a love for helping all animals, have strong medical knowledge and surgical skills and the desire to be a lifelong learner. Our contemporary hospitals are home to a loyal client base that value high quality medicine for their

pets. A typical day of cases is diverse ranging from preventive to emergent and will be both exciting and challenging. Cases will include routine PEs, dentals, diagnostics, surgery and more - all performed with the aid of our advanced equipment and technology to help you provide the highest quality of care. Individual areas of special interest are encouraged and supported through continuing education opportunities and often then integrated into practice culture. We feel that hard work needs to be balanced with fun and we like to appreciate our team with Saturday lunches, tickets to sporting events and rescue fundraisers, company parties, contests and more. Before the extras, we offer our Full time Associates an exceptional benefits package that includes: \*Highly Competitive Compensation\* Mentorship and Training\* Licensing fees and professional dues\* Medical, vision, dental, insurance\* 401k\* Flexible PTO\* Continuing Education Allowance\* Relocation Assistance\* Maternity/Paternity Leave\* Personal Pet Discount\* All of our locations strive to add value to our different communities, improve the lives of pets, and create opportunities. We are proud to foster a collaborative environment focused on client care and education and enhanced by team dynamics. At Coyne Vet, our goals are simple: to provide our teams a better, more enjoyable work environment - and to offer pets and their families a higher standard of veterinary medicine. If this sounds like a good fit for you, please reach out to us. Both new graduates and highly experienced veterinarians are encouraged to apply. We look forward to hearing from you! **Please email [danielle.knight@coynevetservices.com](mailto:danielle.knight@coynevetservices.com) for more information.**

**Associate Veterinarian:** Brooklyn, NY; Pure Paws Veterinary Care of Clinton Hill  
Seeking an independent, compassionate Veterinarian to join our team! Why Pure Paws Veterinary Care of Clinton Hill in Brooklyn, NY? We're focused on making sure our hospital has the right tools to allow our doctor and medical staff the ability to provide excellent service and care. In addition to diagnostic and preventative services, our hospitals are equipped with digital radiography, digital dental radiography, and in-house labs. Our team wants you to know...We are always laughing and finding ways to have fun, even on the most stressful days." Who are we looking for? Not only do you love dogs and cats, but you are enthusiastic about surgery and have the basics (spay, neuter, dentistry, tumor removals, etc.) covered. You are focused on providing excellent client communication and are committed to delivering the best possible care to the animals of our community. Requirements: \* State Veterinary Board License must be in good standing for the state in which they intend to be hired, prior to their start date.\* Flexible work schedule, with availability to work some weekends and holidays. Benefits: We're dedicated to your well-being and offer a comprehensive package and professional development opportunities to support your work and home life. These include \* Competitive base salary + production\* Medical, dental, vision, and prescription drug benefits for you and eligible dependents \* Paid time off for full-time employees \* 401(k) plan \* Continuing education allowance\* We'll cover your dues, license fees, and AVMA PLIT \* Guardian voluntary benefits.  
**Interested candidates please contact [cclemens@vetpartners.com](mailto:cclemens@vetpartners.com) for more information.**

**Veterinarian PT/FT:** Greater Boston Area, MA; BetterVet  
Be your own boss, make your own hours! BetterVet seeks full-time and part-time veterinarians who want to practice telemedicine from home (about 3 days/week) and make house calls with a credentialed veterinary technician in a company-provided and equipped SUV (about 2 days/week). We have three open positions in the Greater Boston Area. You should have at least three years of hospital experience. Your mentor will be our regional Chief of Staff, Dr. Dani

Cimino, an experienced mobile practitioner with training in telemedicine. You'll join veterinarians and technicians who use smartphone apps and the latest healthcare technology to elevate the quality of veterinary medicine. You'll receive competitive compensation and the best benefits in the profession, including subsidized health insurance, 401K plan with employer match, maternity/paternity leave, CE allowance, dues and fees, and most important, flexible hours and work from home. BetterVet is family-owned and based in Boston. Our mission is to deliver a better healthcare experience for pets, parents, and providers. Our values are empowerment, compassion, trust, family, and innovation. **If you have questions, please contact Ms. Erin Spencer, [careers@bettervet.com](mailto:careers@bettervet.com).**

**Mixed Animal Veterinarian:** Plainville, KS; The Animal Hospital

More than just a Mixed Animal Practice! Are you tired of navigating the ins and out of veterinary job ads? We are too! Look, we are a keep-it-real, drive it forward, team of people who love where we live, who we work with and what we do. Let us break it down for you! Who: We are a 3 doctor two location practice with an awesome support team in the heart of Kansas. We are looking to add a 4th doctor to our team! Where: We eat, sleep, breathe, play and work in cow-calf country in rural Kansas. Literally more cows than people and we are close to a large, local college town for people-needs (AKA great restaurants, shopping, fun social events and general suburban awesome). What: We are truly mixed. For example, our current number of species seen in one day record is eight. Overall, we see a lot of beef cattle and cats and dogs along with numerous small ruminants, exotics (hoof stock and pocket pets) and a smattering of horses, camelids and anything but primates. Primates are a no-go for us. Why: The whole truth. This work involves less than ideal weather, shared on-call hours and some hard work. So why do we do this? We have the equipment (plus some cool toys) to get the work done and full facilities to work safely, but it's really about the PEOPLE. The team and our clients make our days fun, buffer the struggles and give our job purpose. What we can promise: True teamwork and support. This team wants you, us and the whole practice to succeed. Hands-on Mentorship. We will coach, lead and help you become the doctor you want to be. Diverse caseload. Eight species is pretty good, but there are more for us to work on. Room to grow. We encourage new ideas and to develop interests and skills within the practice. Purpose. We want you to feel your work has purpose and you feel a part of your community. **Interested candidates please contact [lcmack88@gmail.com](mailto:lcmack88@gmail.com)**

**Shelter and Forensic Veterinarian:** Tallahassee, FL; City of Tallahassee - Tallahassee Animal Services

This is the shelter vet position you have been waiting for! Practice shelter and forensic medicine the way it is supposed to be done, at a progressive shelter where your education, expertise and experience are truly valued. We are more than just an animal shelter; we see ourselves as a resource to improve the welfare of animals and people in our community. We are committed to following current best practices in animal sheltering and are not afraid of change! Rewarding Work: focus on serving people and pets, not the bottom line. Training/Mentorship: new and experienced veterinarians receive individualized on-boarding support and mentorship. Growth Potential: annual continuing education of your choice is provided to all our veterinarians (including paid travel and leave to attend). We want you to keep growing! Work/Life Balance: We love our work and we love our families too! We offer a true 40-hour schedule with no on-call or overnight hours. Pay: We offer a highly competitive salary - you don't have to sacrifice

income to work in shelter medicine! Benefits: The City of Tallahassee provides the best benefits package you will ever see as a veterinarian! Our package starts with three weeks paid vacation, one week paid sick leave, 10 paid government holidays, and a great selection of health, dental, vision, life, and disability insurance, as well as options for prepaid legal assistance, health savings account and child/depending care savings account. Plus, we give you flexbucks each paycheck to help pay for your selected benefits! Retirement: The City of Tallahassee offers a phenomenal retirement plan with both a pension and a 401K savings plan with very generous employer matching. Location, location, location: live and work in one of the "best places to live in the country" (we we're ranked #54 in 2019). With two major universities, Tallahassee has all the perks and youthful energy of a college town, with the connectedness and economic benefits from being the state capital, all with a cost of living that won't break the bank! Our food is fabulous, our schools are excellent, and outdoor activities are endless. Opportunity: This is this the shelter medicine job everyone dreams about! There has never been a better time to be a veterinarian with us! Check out our website:

<https://www.talgov.com/animals/animalservices.aspx> Check us our Facebook page: City of Tallahassee - Animal Service Center. **Apply at the City of Tallahassee Website:**

**Veterinarian (FT or PT):** Richmond, IN; Animal Care Alliance

We are a non-profit veterinary clinic that provides affordable surgery and medical care for domestic pets. We are also licensed to rehabilitate native mammals, songbirds and raptors. We are looking for a full time or part time veterinarian to come support our busy clinic and join our friendly family of animal lovers! The wage is competitive; **inquire for more information by emailing [animalcarealliance@gmail.com](mailto:animalcarealliance@gmail.com)**

**Veterinary Medical Officer:** USDA, APHIS

As a Veterinary Medical Officer you will perform animal and laboratory work related to the testing and evaluation of FMD vaccines at the Foreign Animal Disease Diagnostic Laboratory as part of the North American Foot-and-Mouth Disease Vaccine Bank (NAFMDVB). Position is announced in Orient Point, NY. Selectee will be required to sign a memorandum of understanding (MOU) acknowledging/accepting relocation from Orient Point, NY to Manhattan, KS. Failure to sign the MOU will result in withdrawal of the job offer. **The announcement can be viewed at <https://www.usajobs.gov> or by clicking on the announcement number below. [DH-10917437-20-VS](#)**

**Full Time/Part Time DVM:** Live Oak, FL; Caring Hands Animal Hospital of Live Oak

The Caring Hands Animal Hospital family of hospitals is looking for one to two veterinarians to join our team. We have 2 locations servicing the communities of Lake City and Live Oak, Florida with easy interstate access to Gainesville, Jacksonville, Tallahassee and Valdosta. We have great clients and skilled staff that likes to have fun during the working day. Respect and nurturing of each unique human/animal bond will bring client and job satisfaction. Both practices are AAHA accredited, paperless and equipped with all the tools you need including: digital radiography, digital dental radiography, ultrasound, in house lab suites, high-speed dental

equipment, therapeutic lasers and Tonopens. Our Lake City location is also certified as Feline Friendly. As a veterinary associate, you receive mentorship on how to work up each case fully and explain best medicine to clients so they can learn how to become great pet owners. Our staff takes care of technical stuff including the computer work, case preparation and sample collection so you can concentrate on delivering the medicine and surgery needed to provide the best care for the pet and client. Our team of doctors love to work together on difficult cases and learn new skills so we can constantly improve the quality of medicine offered to our clients. If you have an interest in the business side of veterinary medicine, we would love to mentor that too. You could even be a candidate for practice buy-in! Compensation and benefits include: Pro-Sal compensation (\$90,000 base with 20% paid on production over base) with no negative accrual, \*\*\$7500 sign-on/moving bonus\*\*, paid time off, CE allowance (doesn't subtract from time off), 401K, malpractice insurance, licenses and dues (AAHA, VIN, plus additional of your choice), medical insurance or stipend, uniform allowance, no after-hours emergencies. New or recent grads ok. Check out our websites: [caringhandslo.com](http://caringhandslo.com), [caringhandslc.com](http://caringhandslc.com). **Please send us an email and we will forward our posting document at [manager.liveoakanimal@gmail.com](mailto:manager.liveoakanimal@gmail.com)**

**Associate Veterinarian:** Boynton Beach, FL; Healing Heart, Inc.

Healing Heart is pleased to announce we are expanding our integrative practice in Palm Beach County Florida (less than three miles from our magnificent beaches). We are seeking a full time and part time integrative veterinarian to join our team! Our practice offers a blend of both traditional and alternative care options to optimize the health and well being of our animal friends. These options include nutrition, ozone, micro-biome restorative therapy, acupuncture, chiropractic, homeopathy and more. Our 40' x 12' outdoor salt pool offers dogs a refreshing spa day to enjoy swimming, playtime and exercise. It also provides a safe haven to rehabilitate after injuries/surgeries or to increase mobility quickly in aging pets. **If you are seeking to join a bustling, progressive, integrative vet practice, please visit [healingheartvet.com](http://healingheartvet.com) and send resume to [danahh@bellsouth.net](mailto:danahh@bellsouth.net).** We look forward to hearing from you!
