## Health Center Library

Students of the College of Veterinary Medicine are members of the Health Science Center and therefore have access to the Health Center Library (in the Communicore building of the Health Center), which contains an extensive collection of books, journals, and audiovisual- auto tutorial units. Study space and photocopying equipment are available. <http://library.health.ufl.edu/>

Students may also benefit from classes and tutorials within these facilities. Ms. Hannah Norton is the Health Science Center Librarian who provides college-specific courses on using library resources and strategies for research. Drop-in sessions are available to Vet students, faculty and staff (<http://library.health.ufl.edu/services/library-classes-and-tutorials/>) and a Vet Medicine subject guide is available (<http://guides.uflib.ufl.edu/vetmed>). Hannah Norton can be reached at 352-273-8412 or [nortonh@ufl.edu](mailto:nortonh@ufl.edu).
